C. & O. RAILROAD STATION AT GARRISON ROBBED SUNDAY NIGHT.

Sunday night a thief of thieves entered the C. & O. railroad station at Garrison and jimmied open the door of the safe. The amount taken from the safe has not as yet been ascertained here. Detective Herble left this morning to investigate the robbery, which is supposed to have been committed by two negroes who robbed a white man of a small amount of money near the coal docks in the East End Sunday morning.

NEW "CENTRAL" AT MAYSLICK EXCHANGE.

Mrs. William Ball now has charge of the Mayslick telephone exchange, succeeding Mrs. Sallie Drish, who had charge for some time.

Mrs. Audrey Miller of Mt. Olivet will assist Mrs. Ball.

The Mayslick exchange is one of the largest country offices in the state and is situated in the center of one of the wealthiest and most cultured sections of old Kentucky.

Do not forget that you are cordially invited to visit the Dispensary on Court street this evening at some time during the hours of 7:30 to 10 o'clock. The Health League and Miss Casey are very anxious to bring the general public into closer touch with their work.

Elder R. H. Dodson and daughter, Miss Elizabeth, are this week moving to Bracken, where the former will superintend the work on him farm. He will also attend to his ministerial duties at two or three points.—Mt. Olivet Advance.

Constable James McNamara was able to be out yesterday after a several weeks' illness of pneumonia.

Thirteen new members were received into the Farmers' Union at Germantown Saturday night.

Judge Cochran opened Federal Court at Jackson yesterday.

NEW "DOPE" LAW IN EFFECT TODAY.

Washington, March 1.—The act of Congress prohibiting all persons from selling or giving away habit-forming drugs without a physician's prescription or under direct instruction of a physician, was in effect today. These drugs include opium, cocaine leaves or any compound, manufactured salt derivative or preparations made from such drugs. Remedies that can not be dispensed without a physician's orders include those containing more than two grains of opium, or more than one-fourth of a grain of morphine, or one-eighth of heroin, or one grain of cocaine.

Violators of the law are subject to a fine of not more than \$2,000 or imprisonment for five years, or both. A tax of \$1 a year is fixed for all who sell such drugs. Enforcement of the law is vested in the Commissioner of Internal Revenue, for which \$150,000 is provided.

PRICE OF WHEAT TUMBLING.

Chicago, March 1.—Rapid progress of the Anglo-French fleet up the Dardanelles smashed the price of wheat today as much as 5½ cents a bushel right at the start. May delivery, which closed Saturday at \$1.53½, opened this morning with sales down to \$1.48. Simultaneously July dropped 3½ cents to \$1.21.

CONTINUED UNTIL WEDNESDAY.

The case against Robert Cooper and Pierce Farley, charged with running a ferry between this city and Aberdeen without a license, and which was supposed to have been tried in Police Court yesterday, was continued until Wednesday.

COUNTY COURT DAY.

Yesterday was County Court day, and although the quarantine kept all live stock off the market, there were a large number of horses on sale and trading was rather brisk. Prices for horses were only fair.

RURAL CREDIT BILL PASSED.

Washington, March 2.—The House adjourned at 1:20 o'clock this morning after accepting the Bulkley rural credit bill by a vote of 160 to 99.

MEET THIS AFTERNOON.

The Board of the City Mission will hold a meeting this afternoon at 3 o'clock. A large attendance is desired.

BRICK STREET WORK

To Be Pushed As Soon As Ordinance Can Be Drawn Up and Bid Let—Other Business Transacted By City Council.

City Council met in regular session last night, Mayor J. Wesley Lee in the chair and all members being present. The Mayor reported that he had collected \$978.08 during the past month for licenses issued.

The report of Police Judge John L. Whitaker was as follows:
Fines and costs paid\$314.30
Fines and costs replevied 40.80
Fines and costs worked out 112.00
Fines and costs working out 62.00

Total\$538.10
The City Treasurer reported a balance of \$1,619.07 on hand.
The report of the Claims and Accounts Committee was as follows:
Alms and Almshouse\$ 296.69
Gas and electricity 747.27
Boarding, guarding prisoners 207.50
Fire Department 480.70
Miscellaneous 295.75

Total\$3,098.48
The wharfmaster reported \$38.85 as the total amount of wharfage collected during the past month.

The Fire Department reported that they had answered two alarms of fire during the month of February.

The Knights of St. John were granted a permit to erect a two-story steel and brick store-room and business house in East Third street, Fourth Ward.

Councilman Gantley, chairman of the Alms Committee, reported that the alms house was full to overflowing, whereupon Mayor Lee stated that the president of the Board of Health informed him that there were several tubercular cases in the alms house and that these should be placed out in the open air in the city's big tent, which has been used for similar purposes. The matter was placed in the hands of the Alms Committee, with power to act.

City Attorney Calhoun stated to the Council that it would be necessary to have a consulting engineer in order that the brick street ordinance should be properly drawn up. The matter of securing an engineer was placed in the hands of the Internal Improvements Committee with power to act. The City Attorney further stated that he thought the Maysville Street Car Company would be willing to move their track to the middle of the street, provided it could raise sufficient funds.

Mrs. Bettie Curry and Miss Thomas were placed on the pension list at \$5 a month each.

A resolution was read and adopted that 12 bonds of \$500 each, amounting in all to \$6,000, to meet the current expenses of the city, be issued and placed in the hands of the chairman of the Ways and Means Committee.

Mr. Ben T. Smith was nominated as Street Commissioner for the coming year and he received the unanimous vote of the Council and was elected.

On motion, Council adjourned to meet at the call of the Mayor.

POLICE COURT

Very Large Docket Yesterday—Crap Shooters Receive Stiff Fines.

An extraordinarily large number of cases were tried before Judge Whitaker in Police Court yesterday afternoon: George Thomas, John Clayton, Walter Stockton, Dave Walker, Shelby Clark, Spence Kimbrough and Julius Kimbrough, colored crap shooters, who were caught in a raid Saturday night, were fined \$25.50 each, the charge against them being gambling and drunk. Walter Lewis and Cecil Bland, colored, were given \$10.50 each on charges of disorderly conduct.

Lizzie Moore, a colored dmsel, was fined \$10.50 on a breach of peace charge. Lizzie attempted to beat up a young colored boy Saturday at the home of her mother in the East End.

Ross Nicholson and Ollie Holland were fined \$6.50 each on breach of peace charges.

A. Case, plain drunk, was given a fine of \$6.50.

SOME SPOTLIGHTS IN TAFT'S CINCINNATI SPEECH.

After denouncing the initiative and referendum and predicting that the people of Ohio would "revert to the good old methods of government," former President William H. Taft said that the great bane of the day was too much legislation by Legislatures.

Not a law has been passed by the direct action of the people of Ohio, and Prof. Taft went on to say that the Legislature seemed more interested in the passage of legislation than in its results.

All the complaints that business men are now making about too much legislation has been legislation by the "good old methods of government." Business men are asking of Legislatures to "give them a rest." No complaint is heard about "foolish or too much" legislation by the initiative and referendum.

Prof. Taft called the initiative and referendum "a nostrum."

He favored a seven-year term for the President and the right of Cabinet officers to speak before Congress.

Prof. Taft won applause when he said that the ruin of the country would result if the national government tried to regulate the "door-steps" of the people, and he said that it applied to national prohibition.

Prof. Taft said it was a mistaken idea that a President could not during his term of office leave the United States. He said President Roosevelt and himself had both visited Panama.

Prof. Taft, speaking of the secret service officers, said he believed that under present methods the murder of President McKinley would not have been possible. He said any man approaching the President these days with his hands in his pockets was immediately stopped by secret service agents.

He told of the apprehension of a Texan in the White House while he was President. The man had a large gun on him and was found to be insane.

THE ONLY REAL "HIGH SHERIFF."

Next to the President of the United States, the sheriff of New York county probably receives more money for his services than any other public official in America, according to figures made public by Leonard M. Wallstein, Commissioner of Accounts, in a report to Mayor Mitchell.

Since 1905, the report asserts, the sheriff of the county has received fees totaling \$402,329, in addition to \$12,000 a year salary—an average annual income of more than \$56,000.

LIQUOR BAN PROPOSED.

Charles H. Randall, Congressman-elect from California and a Prohibitionist, announces that it is to be proposed to the next Congress that the government withdraw from the liquor business all the facilities which are under the government's control or ownership.

IS MRS. CARTER HARRISON A SUFFRAGETTE, NOW?

Women voters who cast their ballots for the first time in a Chicago mayoralty election, polled 77 per cent of their registration, compared with 70 per cent for the men.

HIS TITLE WASN'T CLEAR.

Champ Clark declares that a special session of Congress would wipe the Democratic party off of the map. There are other good reasons for not having a special session, but that one is sufficient.—State Journal.

MRS. STEWART'S RECOGNITION.

The reception and recognition given Mrs. Cora Wilson Stewart by President Wilson and Secretary Bryan is no inconsequential feature of the great work against adult illiteracy which she inaugurated. It was all the more significant as the President had so recently vetoed a bill directed chiefly against foreign adult illiteracy. There is a nice distinction, but no conflict in the positions of the two. The worthiness of Mrs. Stewart and her cause are only the more emphasized. The recognition given to her work here and to the illiteracy commission of which she is the head, with her office in the state capital, is made supreme. There are, doubtless, those who would try to belittle her accomplishments and divide the forces in Kentucky that are alert to wipe out illiteracy by 1920, but their efforts will be vain. In fact they are of such a distinctly disorganizing and self-generating type that they are discredited and have been from the start. A united effort was what was wanted and even the Woman's Forward Movement in behalf of the illiteracy commission, was subordinate to the commission of which Mrs. Stewart is the head. No one should give aid to any movement that would tend to disintegrate or weaken the commission.—Owensboro Messenger.

"CITY PUPILS HEALTHIER."

Of 330,000 New York City school children, 70 per cent were found physically defective.

Of 294,000 country children in Pennsylvania, 75 per cent were found defective.

Dr. Thomas D. Wood of Columbia University, New York, chairman of the Committee on Health Problems in Education, submitted these figures to the superintendents' convention at Cincinnati to indicate that the city child is healthier than his country brother or sister. The city children have more sanitary schools and have the benefit of medical and dental inspection, he said.

AS THE ONE, SO THE OTHER.

Truly, when the smoke does not roll out of the stack at the factory, not only the factory hand is idle but also the coal miner. The solution of the miner's idleness problem then is to get the mills to running.

There have been 19 straight acquittals of women in Chicago who have killed men, perhaps on the presumption that the average Chicago man needs killing.—The Lexingtonian.

STRAIGHTFORWARD TESTIMONY

Many Maysville Citizens Have Profited By It.

If you have backache, urinary troubles, days of dizziness, headaches or nervousness, strike at the seat of the trouble. These are often the symptoms of weak kidneys and there is grave danger in delay. Doan's Kidney Pills are especially prepared for kidney ailments — are endorsed by over 30,000 people. Your neighbors recommend this remedy—have proved its merit in many tests, Maysville readers should take fresh courage in the straightforward testimony of a Maysville citizen.

Henry Gallenstein, blacksmith, Poplar St., Maysville, Ky., says: "Doan's Kidney Pills are the best of kidney remedies. I have used different kinds and no other has ever equalled this one. When my kidneys bother you don't stand I had pain in my back, I heard of Doan's Kidney Pills and used them. They stopped the pains and my kidneys became strong. The cure has been permanent."

Mr. Gallenstein is only one of many Maysville people who have gratefully endorsed Doan's Kidney Pills. If your back aches—If your kidneys bother you don't simply ask for a kidney remedy—ask distinctly for Doan's Kidney Pills, the same that Mr. Gallenstein had—the remedy backed by home testimony. 50c all stores. SUNDAY'S WAR SITUATION.

Turkey.

The allies have disembarked detachments of artillery near the reduced Dardanelles forts, and British and French flags are now flying over them. The fleet continues the bombardment of the inner forts. A powder magazine was blown up, killing many. The fleet has reached the lighthouse of Kili-Bahr.

United States.

The United States has not been advised through Ambassador Page or the British Embassy of the reported notification to neutrals of Great Britain's intention to hold up all shipping to and from Germany and Austria, and officials at Washington were unable last night to express any opinion upon this latest development.

Russia.

The Russian offensive operations appear to extend along their whole front and, according to their reports, they have successfully checked the German advance in North Poland. Their reports refer to the capture of large numbers of prisoners as a new phase of the war, and credit it to a lack of officers in the German armies. The Russians have been enabled to bring large numbers of reinforcements to their front. The opening of the Dardanelles, it is claimed, would give Russia a vast amount of war material and release Russian grain.

Belgium.

The Belgian army has been reorganized and re-equipped, and has advanced across the Yser.

France.

The capture of the American steamer Dacia by a French cruiser will take that vessel before a French prize court, while an English prize court will pass upon the cargo of the Wilhelmina. The French report says 300 yards of trenches were captured in the Argonne, and that sharp progress has been made in the Champagne district.

JOSH BILLINGS' PHILOSOPHY.

There seems to be this difference between cheerfulness and mirth: The mercury of the cheerful man always stands at about 70 in the shade, while the mirthful man's goes up to 90, and then at times sinks down to zero. To supply a man's necessities takes but little, but to feed his desires takes an empire. There is nothing which a chaste and refined woman detects so quick as the atmosphere of an impure man. It requires a good deal more art and skill to conceal what we don't know than it does to impress others with what we do know. Men's judgments often make a blunder, but their conscience never does. Contentment has been praised more, and practised less, than any other condition of life. Pools soon get tired of their own company. There is a grate deal of wit in the world that is like a broken cambric needle—very sharp at the point, but no eye to it to carry a thread. It is very hard to define economy; all we seem to know about it is, that one man will make a dollar buy twice as much as another man can. Keep yure own mizerys; don't offer to swap rheumatism with any man. Too much book learning is often an injury; a person may acquire in this way so much in general that he won't know anything particular.—New York Weekly.

POINTED PARAGRAPHS.

The poorer the soil the better the crop of wild oats.

If a man is inclined to be foolish, a silk hat won't save him.

It's easier to accept a position that it is to hold the job down.

Sleep is a great beautifier and most policemen are good looking.

When a woman sends a telegram she omits all but the postscript.

It is easier to drive some men to drink than it is to hold them back.

Satan doesn't expect to be invited into the parlor the first time he calls.

If a man has no sense of humor he is sure to get funny at the wrong time.

It isn't always wise to judge a woman by the kind of hero she worships.

Every man's house is his castle until he makes an assignment—then it's his wife's.

A candidate who "also ran" says there is nothing quite so uncertain as a sure thing.

When Rome burned Nero might have made a hit with the people had he played the hero instead of the harp.

No, Cordelia, it doesn't necessarily mean that a young man means business because he calls every Sunday night. Perhaps the lid is on in your town and he has nowhere else to loaf.—Times-Star.

WOMAN'S BEAUTY NO SECRET.

It all lies in the care she bestows upon herself and in keeping at bay those dread ills peculiar to her sex. The flashing eye, the elastic step and the clear complexion never accompany organic troubles. The distressed expression, lassitude, headaches and mental depression are only the tell-tale symptoms. Women so troubled should take Lydia E. Pinkham's Vegetable Compound, that simply made from roots and herbs, and restore their health to a normal condition.

POTATOES!

SOMETHING NEW

NINE WEEKS POTATOES

The tubers are average large, medium in length, more or less flattened or oval in shape and a light pink color. The eyes are medium to large and shallow. The variety is fine table stock and principally grown in Florida for early shipment to the North. Grows vigorously and has a heavy yield.

And still gain worldly pelf;
But listen, oh, my brother,
Don't try to kid yourself.

FAVORS WHIPPING

If It Will Aid In the Reformation of
Delinquent Pupil.

Corporal punishment still has its place, and properly so, in the schools, according to Prof. George I. Aldrich, superintendent of schools of Brookline, Mass. School authorities should be agents for reformation and not for punishment of delinquent pupils, he said. "Often their lives have been filled," he said, "with hardness, and what they need at school is sympathy—not softness—but sympathy. Such sympathy, sane and salutary, will manifest itself in many and varied ways. It may even eventuate in a whipping."

MISSISSIPPI D. A. R.

Natchez, Miss., March 2.—Natchez is entertaining for three days the annual convention of the Mississippi division of the Daughters of the American Revolution. Delegates from all sections of the state were in attendance today when the convention was opened by the State Regent, Mrs. E. F. Noel. The business sessions of the convention will be interspersed with numerous features of entertainment.

TO TAX MAIL-ORDER CATALOGUES

Little Rock, Ark., March 2.—A bill proposing a tax of \$1 on every mail-order catalogue sent into Arkansas is now pending in the state legislature, with good prospects of being enacted into law. The measure is intended to protect the local merchants against the disastrous competition of the big mail-order houses, many of which send their catalogues into the state in carload lots.

A CONFESSION

Hopes Her Statement, Made Public,
will Help Other Women.

Hines, Ala.—"I must confess," says Mrs. Eula Mae Reid, of this place, "that Cardui, the woman's tonic, has done me a great deal of good."

Before I commenced using Cardui, I would spit up everything I ate. I had a tired, sleepy feeling all the time, and was irregular. I could hardly drag around, and would have severe headaches continuously.

Since taking Cardui, I have entirely quit spitting up what I eat. Everything seems to digest all right, and I have gained 10 pounds in weight.

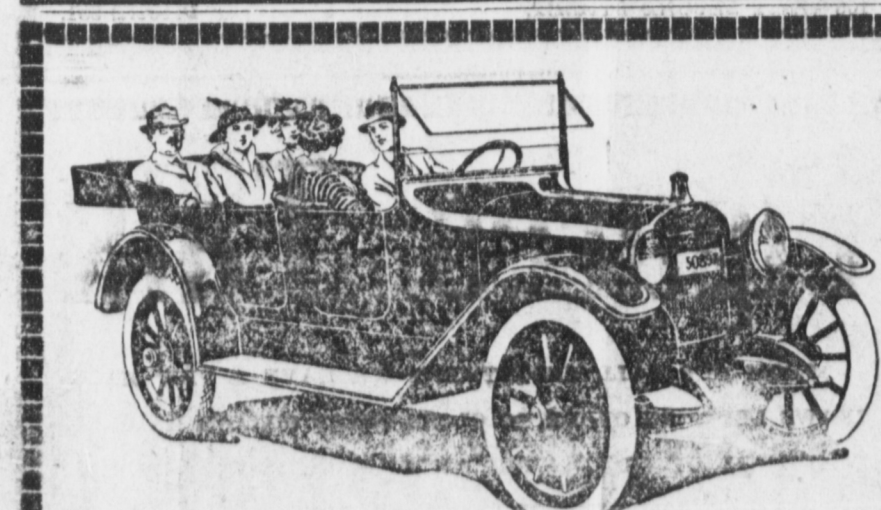

If you are a victim of any of the numerous ills so common to your sex, it is wrong to suffer.

For half a century, Cardui has been relieving just such ills, as is proven by the thousands of letters, similar to the above, which pour into our office, year by year.

Cardui is successful because it is composed of ingredients which act specifically on the womanly constitution, and helps build the weakened organs back to health and strength.

Cardui has helped others, and will help you, too. Get a bottle today. You won't regret it. Your druggist sells it.

HAS NO RAILWAY LINES

Territory In Asia Minor Larger Than
the United States Is Without a
Mile of Trackage.

From the eastern shore of the Caspian sea a little railroad runs away to the east through Turkestan, with a branch to the border of Afghanistan. From the eastern terminus of this little railroad, says a writer in the World's Work, there is a gap of several thousand miles across most of Turkestan and the Chinese empire, in which there is not a mile of railroad either east, west, north or south. In area that region is greater than the United States. In population it far outweighs this country. Some day, no doubt, a great trunk line will be built through it as part of the new Chinese and Russian system of Asiatic roads.

That is, however, too big a project for any individual in the world to grasp. What is more, it seems to be a settled fact that, on account of the mixed political relationships and the strong international jealousies of European and Asiatic countries, there is no room for private enterprise to seize the great opportunities for railroad exploitation and development with lines in these unoccupied spaces of Asia. When the trans-Asiatic trunk line of the south is able to compete with the trans-Siberian between the markets of Europe and the markets of China and the rest of the Orient, it will undoubtedly be built under government auspices.

It remains for the future to tell whether the men that plan it and build it are subjects of the Czar, subjects of Germany, or of Great Britain, or citizens of the Chinese republic or empire. That task, splendid and fascinating as it is, seems to be set altogether outside the field of individual ambition and endeavor.

FOOD FOR BELGIANS

Delivered By Relief Commission,
Totals 150,000 Tons.

New York.—More than 150,000 tons of food of all kinds had been sent into Belgium up to February 3 by the Commission for Relief in Belgium, according to its semi-monthly report issued. That only the strict necessities of life have been sent is indicated by the fact that of the grand total of 150,043 tons, no less than 116,857 tons consisted of wheat and flour.

The total for the week shows 11,269 tons of wheat going into the nine provinces, 14,383 tons of flour, 91 tons of rice, 248 tons of peas, 1,533 tons of beans, 54 tons of salt, 9,178 tons of maize, 23 tons of potatoes, 955 tons of sundry foodstuffs and 585 tons of clothing and miscellaneous articles.

The decreased need for clothing is shown by the fact that 115 tons more of clothing were sent for the week ending January 27 than for the week ending February 3. As the spring season advances the need for clothing will diminish in proportion, it is pointed out.

NEWSPAPER OUTFIT

Presented To the Mayslick High School
By a Number of Progressive Citizens—
Old Masonian Plant,
Formerly Oldham's Sunday Morning Call.

Messrs. W. E. Pyles, S. M. Roff, J. H. Van Camp, Walter Matthews, Ben Longnecker, R. H. Duncan, R. B. West, P. A. Collins, T. P. Hopper, H. M. Craycraft, Mike McTee, E. W. Craycraft, M. R. Downing, R. P. Gaither, S. H. Buchanan and W. E. Pogue, business and professional men of Mayslick, took over the newspaper and job plant of the "Masonian," at Mayslick, and presented same to the Mayslick consolidated school.

It will be used for the publishing of a school paper and the teaching of practical printing in the Mayslick consolidated school.

This is probably the first country school in the state or nation to have such a plant and speaks volumes for the enterprise of the men who made the gift.

BUILDINGS BEING ERECTED

Near Site of New Dam—Work To
Start Early In May.

Carpenters are erecting buildings near the site of Dam No. 33, just above this city, which will be used for housing men and supplies during its construction. Every hour of suitable weather will be utilized that everything can be in shape to commence construction as soon as the weather will permit. The draftsman's and engineer's offices are located upon the Hicks farm. They are about finished and work is to start upon the commissary building and bunk houses. Actual work upon the dam is expected to commence about the first of May.

NOTED CONGRESSMEN TO SAY FAREWELL.

Washington, March 2.—The Sixty-third Congress today began to say its farewells and to prepare for the termination of its business at noon Thursday. Retiring members, some of whom have been in Congress for a score or more of years, already are cleaning out their desks for the exodus from the capitol. During the remainder of the week there will be many little informal dinners at which the veteran lawmakers who are retiring to private life, either permanently or temporarily, will say goodbye to their colleagues.

Veterans of many legislative struggles are now making their farewell appearances on the floor of the House. Chief among those whose absence will be noticed when the Sixty-fourth Congress convenes will be Underwood and Hobson of Alabama, Murdock and Neeley of Kansas, Palmer of Pennsylvania, Goldfogle of New York, Korbly of Indiana, Bathrick and Bulkley of Ohio, Stanley of Kentucky, Bartholdt of Missouri, Laferty of Oregon, McGuire of Oklahoma, and Knowland of California.

Most conspicuous of the members of the Senate who will say farewell this week are Elihu Root of New York and Theodore E. Burton of Ohio. Both declined to stand for re-nomination in the primaries in their respective states last year. A number of other prominent members are about to take leave of the Senate, notably Perkins of California, who is to be succeeded by James D. Phelan; Crawford of South Dakota, who will give way to E. S. Johnson; Bismarck of Kansas, whose successor will be former Senator Charles Curtis, and the veteran Stephenson of Wisconsin, who will be succeeded by Paul O. Husting.

AMERICAN GIRL IN WAR ROMANCE.

Chicago, March 2.—According to advice received by relatives in this city the wedding of Miss Elizabeth Stone, a former Chicago girl, and Lieutenant Alan Silverwood-Cope, of the British army, is to take place today in London. The wedding, it is said, is the culmination of a romance which had its beginning in the present war. The bride is the daughter of Mrs. Niels Gron of Oxford, England, formerly Mrs. Carl Stone of Chicago.

15,000 IN ATHLETIC MEET.

New York, March 2.—Fifteen thousand athletes, representing more than 200 branches, are expected to participate in the International hexathlon contest to be staged next week by the Young Men's Christian Association Athletic League of North America. From the standpoint of the number of institutions which will enter and the number of boys who take part, the contest should prove the biggest affair of its kind ever held in America.

TOBACCO GROWERS IN ALLIANCE.

Lexington, Ky., March 2.—Burley tobacco growers of Kentucky met in convention here today to perfect the organization of a state wide association. It is proposed to effect working alliance with the "dark tobacco" growers for purposes of mutual protection against the alleged abuses of the "tobacco combine."

HOW TO CURE A CHRONIC COUGH

Told in the Following Letter
by a Jackson Man Who
Knows from Experience.
His Word Is Good.

J. A. Mason, Miss.—"I am a carpenter, and the gripe left me not only with a chronic cough, but I was run-down, worn out and weak. I took all kinds of cough syrups but they did me no good. I finally got so weak I was not able to do a day's work, and coughed so much I was alarmed about my condition. One evening I read about Vinol and decided to try it. Before I had taken a quarter of a bottle I felt better, and after taking two bottles my cough is entirely cured, all the bad symptoms have disappeared and I have gained new vim and energy."

—JOHN L. DENNIS, 711 Lynch Street, Jackson, Miss.

The reason Vinol is so successful in such cases is because the active medicinal principles of cod liver oil combined in Vinol rebuilds wasting tissues and supplies strength and vigor to the nerves and muscles while the tonic iron and wine assist the red corpuscles of the blood to absorb oxygen and distribute it through the system, thus restoring health and strength to the weakened, diseased organs of the body.

If Vinol fails to help you, we return your money.

INDEPENDENCE DAY IN TEXAS.

Austin, Texas, March 2.—Texas independence day, the anniversary of the adoption of the declaration of independence by the convention at Washington-on-the-Brazos, March 2, 1836, was observed as a holiday throughout the state today. In all the principal cities and towns the banks and public offices remained closed and exercises appropriate to the occasion were held in the schools.

CONVENTION OF BAPTIST LAYMEN.

Birmingham, Ala., March 2.—Baptist laymen from every part of Alabama arrived in Birmingham today to take part in a three-days' state convention. The convention is the first big gathering of its kind to be held in Alabama. Many clerical and lay leaders of the Baptist denomination in the south are scheduled among the speakers.

DEALS BLOW AT "PROFESSIONAL AGRICULTURISTS."

Asserting that farmers in the United States are relatively producing less crops than they did 40 years ago, and warning his auditors that a crisis in almost at hand in the form of a shortage in foodstuffs, John Lapp of Indianapolis, opened a figurative hornet's nest at the meeting of the National Education Association, Department of Superintendence, in Music Hall, Cincinnati.

"The combined work of all the states is necessary to save the country from disaster," he said.

Mr. Lapp is Director of the Bureau of Legislative Information in Indiana, and a member of the National Commission on Industrial Education.

Officials of three agricultural colleges popped from their seats, and in emotional tones denied statements of the speaker in criticizing agricultural colleges and experiment stations in general.

Mr. Lapp charged that country children are not getting necessary education, and are going to the cities. Agricultural colleges, he continued, have been in existence 40 years, but have turned out very few practical tillers of the soil.

"Conditions on the farm are at a standstill and things are tending toward a social decay," he exclaimed. "We should bring our teaching direct to the boys and girls in the country. If there isn't an improvement soon something is liable to happen to the agricultural colleges."

The bill now before Congress to appropriate \$7,000,000 to provide for the teaching of vocational training in all the states was described by Director Lapp, who urged its passage. He declared that its only opponents are "un-constitutional cranks who say Uncle Sam has no right to pass such a law, and the agricultural colleges and experiment stations."

BIRTHDAY OF VETERAN DIPLO- MAT.

Washington, March 2.—General John W. Foster, former Secretary of State and "dean of American diplomats," was the recipient of many congratulations today upon the beginning of his eightieth year. General Foster is a native of Indiana and was engaged in the practice of law in Evansville at the beginning of the Civil war. He enlisted in the Federal army and as a reward for distinguished service he was promoted several times, retiring at the close of the conflict with the rank of brigadier-general. In 1873 President Grant appointed him Minister to Mexico and seven years later President Hayes transferred him to the post at St. Petersburg. After his retirement from the active diplomatic service the government repeatedly found need of his services as a special representative in matters of state, and he served a short time as Secretary of State under President Harrison. He has been counsel for various foreign powers in negotiating treaties and is regarded as a high authority on international relations. Since his retirement from active affairs, General Foster has made his home in Washington.

TWENTY YEARS IN CONGRESS.

Washington, March 2.—When Speaker Champ Clark lets the gavel fall this week and declares the Sixty-third Congress at an end he will have rounded out an even score of years as a member of the national House of Representatives. Mr. Clark first came to Washington as a member of the Fifty-third Congress. He was defeated for re-election at the end of his first term, but was a successful candidate two years later and has served continuously since that time. He was elected speaker of the Sixty-second Congress, after having served as minority leader for several sessions.

SWAMI LEFT UNIQUE WILL.

San Francisco, Cal., March 2.—Swami Trigunatita, who was killed by a bomb thrown by a religious fanatic in the Hindoo Temple in this city last December, left one of the most unique wills ever filed for probate in this city. In his will Swami states that the property over which he had supervision belonged to the Vedanta Society, and directs the work of the society to be continued by "married people who are on good terms with their spouses and by 'celibate' unmarried persons."

MID-WEST CEMENT SHOW AT OMAHA.

Omaha, Neb., March 2.—The only exhibition of cement products ever held west of the Mississippi river opened in the Auditorium in this city today and will continue through the remainder of the week. The show is under the auspices of the Mid-West Cement Users' Association and is held in conjunction with the association's annual convention. Iowa, Nebraska, Kansas and several other states are represented.

DO YOU WANT A FARM THAT YOU CAN MAKE MONEY ON? IF SO, YOU WILL INVEST IN THIS ONE

Mr. George E. Himes of Lewis county has placed with us for sale two farms that adjoin. One, a farm of 170 acres, the other 50 acres. The 170-acre farm has on it a two-story, seven-room frame house in good condition, tobacco barn 40x60, stock barn 36x36, usual out-buildings. The 50-acre farm has a small house of four rooms, tobacco barn 40x40, 25 acres of bottom land with this farm. Both places have good orchards with a variety of fruit. Mr. Himes' reason for selling is he is getting along in years and does not want the responsibility of looking after a large farm. If you are not afraid of work you can make good on this farm. Price for both farms, \$4,500.

Petrograd, March 1.—The German invasion of Poland north of the Vistula river appears to have been completely shattered.

Premier Asquith Now Is Confident Allies Will Win.

London, March 1.—Speaking in the House of Commons today, Premier Asquith made the declaration that at no time had the government been more confident than today that the allies ultimately would achieve victory.

Says Circle of Fate Is Narrowing.

London, March 1.—The outline of measures which the English government is expected to take to meet the menace of the German submarine blockade has been embodied in a note which has been dispatched to all the neutral governments.

The policy determined upon is sweeping. The allied governments will hold themselves at liberty to stop and seize all exports from Germany and all cargoes destined for Germany, without regard to the nature of their intended and specified use. In the words of Minister Holtzhaus, "the ever-contracting circle around the German empire, which is narrowed day by day, is a net which on a very near date will be closed around the enemy altogether, and nothing will go in or come out which will serve the German cause."

On To Constantinople.

London, March 1.—The flags of Great Britain and France are now flying at the entrance to the Dardanelles over the Turkish forts reduced by the sea power of the allies.

While it would appear to be a fact that the allied fleet has reached Chanak, 15 miles from the Mediterranean entrance to the straits, the British press warns the public not to accept the immediate fall of Constantinople. Nevertheless, the operations of the British and French warships against the sea defenses of Constantinople are creating a tremendous stir in the Near East.

Broussa, in Asiatic Turkey, has been selected by the Turks as their new capital in case it becomes necessary to evacuate Constantinople. The Germans in Turkey, it is declared, wanted the Turks to move to Adrianople, in European Turkey, but the Turks would have none of this and started shipping their archives to Broussa.

OUR COLORED CITIZENS

Do not fail to attend the "B. A. P., L. A. P., N. A. P.," and "Mie Box" opening at Oddfellows' Flats Wednesday evening, March 3. Guess the sentences for which "Bap, Lap, Nap" means and receive a beautiful prize. Come or send a donation to help the mite box cause, "for the love of Christ and in His name."

MRS. W. C. PATTON,
Conference Mite Box Secretary.

W. H. Boyd, a former Tuckahoe Ridge boy, now residing in Harrison county, returned to his home today after a visit to his relatives in Mason county. Mr. Boyd is one of this county's colored men, who, by honesty and industry, has made a fine success farming. He raised and sold this season 12,000 pounds of tobacco for \$1,500.

The Psalm of the Mirrolite

You may use cream, stick or powder,
Rub the lather thick as chowder,
Rub your whiskers into humor in
the good old-fashioned way;
But to get true satisfaction
When you bring your knife in
action
USE A MIRROLITE and you
can shave with safety night
and day.

"The Good Clothes Man"

100,000 FORDS

have been sold and delivered since August 1, 1914. An order for 40,000 cars for immediate delivery has been received from one of the foreign governments. The British government is negotiating for the purchase of 200,000 Fords for immediate delivery. Although we had an order in for a carload to be shipped last month, they are so far behind with shipments that we have no idea when we will receive our allotment. We will fill orders in the order in which they are received. If you want a Ford car for delivery before May 1, don't wait 2 day. ORDER NOW.
